STEM Racing, a global engineering competition.

Spanning 65 countries, students from across the world form teams of up to six to design a miniature Formula 1 style car powered by a CO_2 gas canister.

Cars are raced on a 20m long racetrack on race day.

Teams also create portfolios, give presentations and create a Pit Display to showcase both their work and their collaboration with industry and companies.

In the UK, teams compete under different classes, each with differing levels of complexity:

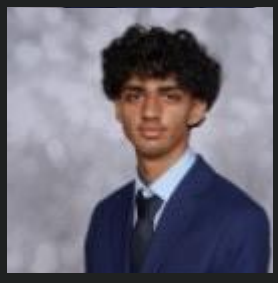

- Entry Class – targeted at KS3
- Development Class – targeted at KS4
- Professional Class – targeted at KS5

Successful teams progress from the Regional Finals to the National Finals, and finally World Finals held annually in September.

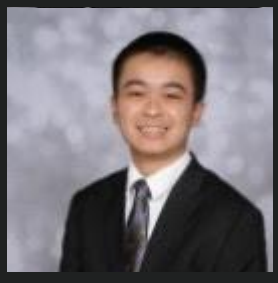

stemracing.co.uk

We are Blitz, a competitive Professional Class team from St Olave's Grammar School.

Yash Parekh
Team Principal

Chen Hui Wang
Head of Engineering

Rayhaan Smith
Head of Enterprise

Josh Abraham
Manufacturing, Finance

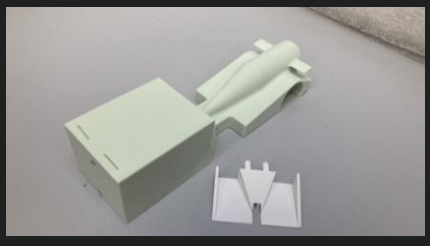

Pranit Malhotra
Design Engineer

An illustrious history, spanning years of experience.

Team Formation
Nov 2022

Our team is initially founded, as we work toward Entry Class.

Regionals 2023
Dec 2023

Our first time competing in the Entry Class, achieving two awards.

Regionals 2025
Jan 2025

We qualify for the National Finals and secure 2nd in the region.

Nationals 2025
Mar 2025

Our first time to the National Finals. A competitive car and pit display earns us a podium nationally.

Our reputation and awards

We have consistently been performing at a high level at all stages of the competition we have participated in. Over three competitions, we have achieved a total of seven awards, with various aspects such as research & development consistently scoring high.

This consistency shown throughout competitions highlights the dedication and expertise of our team with over three years of experience under our belt.

Verbal Presentation Award

London North Regional Finals (2023/24)

Research & Development Award

London North Regional Finals (2023/24)
London South Regional Finals (2024/25)

Portfolio Award

London South Regional Finals (2024/25)

3rd in the UK

UK National Finals (2024/25, Development Class)

2nd in London South

London South Regional Finals (2024/25)

Fastest Car in London South

London South Regional Finals (2024/25)

How you stand to benefit

We have a strong ROI scheme designed to provide the maximum value possible for your support.

By supporting us, we are able to give your company exposure on all our platforms and within the competition itself.

Your brand will also benefit from supporting STEM education and students.

We have various channels to offer your brand exposure, including:

- Car
- Pit Display
- Team Uniforms
- Social Media

All sponsors receive a complimentary social media post, and car sponsors are streamed on the STEM Racing YouTube in racing.

What we ask from you

For simplicity, we have created several tiers offering different levels of benefits based on the level of support you are willing to provide.

Benefits	Bronze	Silver	Gold	Diamond	Title
Logo on website, portfolios, and other documents	✓	✓	✓	✓	✓
Logos on pit display	✓	✓	✓	✓	✓
Exclusive updates on team progress	✓	✓	✓	✓	✓
Dedicated social media post		✓	✓	✓	✓
Logo on team uniforms		✓	✓	✓	✓
Logos on car			✓	✓	✓
Larger logos on pit display, uniforms and car				✓	✓
Logo on every social media post				✓	✓
Team name change to include YOUR brand					✓
Price	**£250**	**£500**	**£750**	**£1000**	**£2000**

Financial responsibility, a core policy rooted within us.

Budgeting and careful spending is a key part of our financial strategy.

One of our key aims is to be as transparent as possible with our partners. Upon request, we are able to send a full breakdown of our financial expenses and answer any relevant queries via email.

What will my money be spent on?

There are various aspects of the competition that are exclusively funded by sponsors, including:

- Entry fees
- Travel & accommodation
- Pit Display (power & structure)
- Car manufacturing

How can I get in touch?

If your company is interested in supporting a team of young and innovative engineers, please get in touch with us.
